

SOMEBODY'S GONNA BREAK YOUR HEART

A sloppy drunk or druggie is a bad scene. If you're with one, sooner or later you just can't take it anymore. You can only try for so long. If they don't come around, you have to leave. That's the story of "Somebody's Gonna Break Your Heart". A male or female artist can do this song. It has a jazzy little rock flow. I think you'll like it.

"You can't stand on your own two feet
You're too drunk to even speak
Your hands are rough and your mind is weak
I don't want to be here anymore
I don't want to see you anymore
I don't feel the same way as before
Somebody's Gonna Break Your Heart
Somebody's Gonna Break Your Heart Tonight"
