

WILLIE BOY

“Willie was a boy with a funny looking bullet head”! Now there’s a great opening line for a song. This catchy rock song tells the story of a habitual gambling boy who never finds his way out of that gambler’s maze. In The Tiki Seekers tradition, this story has the lyrics, and a solid traditional rock beat. When you listen to The Tiki Seekers, you can’t help but remember Jim Croce and the character stories he told. His songs are still around!

“If you look real close on a moonlit night
You’ll see him standing there in the pale moonlight
And if you call his name out loud, he’ll smile and wave
Oh Willie Boy, that Willie Boy”
