

LONELY WORLD

(INTRO) - D Bm G A

Well I'm a lonely boy in a lonely world

Lookin' for a lonely girl

She's gonna change my life, I'm gonna make her my wife

Then I'll take her all around the world

I've been lookin' up, and I've been lookin' down

Now it's time to start lookin' around

When I find my girl, I'm gonna treat her right

We'll be the talk of the town

Whoa, whoa, whoa, it's a lonely world

But I've got a plan in mind

Someday soon I'm gonna change my tune

It's only a matter of time, oh ya, it's only a matter of time

(BRIDGE) - D Bm G A - D Bm G A D A

I'm not the only one who's lonely, this is true

But I'm the only one who's lookin' just for you

(Optional – Repeat Pg 1 Complete Before Pg 2)
