

# RAINY DAY MAN

## CAPO 1

**G** **D**  
Call on your rainy day man

**G**  
I'm in a rock'n'roll band, I drive a Chevy van

**D**  
My seat's reserved at the local saloon

**C** **G** **D**  
I tell the girls that I meet, I'm quick with my hands, but slow on my feet

**G**  
They say I'm nobody's fool, I'm just plain cooler than cool

**D**  
I do the best that I possibly can

**C** **G** **D**  
If you've a problem to share, you know where I am, I'll always be there

**G** **D** **G** **D**  
Call me your rainy day man, call me your rainy day man

**G**  
I'm here from noon until four, I've got my sign on the door

**D**  
It says, "come in and take a load off your mind"

**C** **G** **D**  
I am especially kind to those in a bind, no waiting in line

**G**  
I've got the plan that it takes to help you see your mistakes

**D**  
I call the universal, fix-it-all cure

**C** **G** **D**  
We sit and we drink, we talk and we laugh, and sometimes we think

**G** **D** **G** **D**  
Call me your rainy day man, call me your rainy day man

I'm here most every day, I don't live far away

I can be here in a minute or two

I'd do that for you, what more can I say, I like it that way

Thanks for stopping in, I hope to see you again

Come back when you've got longer to stay

If you need some time, that'll be fine, 'cause I've got all day

Call me your rainy day man, call me your rainy day man

I'm in a rock'n'roll band, I drive a Chevy van

Come in and see the man with a plan

I'll help you figure it out, if you don't understand, you know that I can

Call on your rainy day man, call me your rainy day man

Call on your rainy day man, call me your rainy day man

Call on your rainy day man, call me your rainy day man
