

THE VALLEY OF DREAMS

“The Valley Of Dreams” is an inspirational/gospel-rock song with a slight americana and bluegrass feel to it. It’s a great song for any artist or group to really sink their teeth into. The change in tempo at the beginning and end let you dig into the up-tempo verses. The subject of ‘being saved before the Lord takes you’ is one of most powerful and beloved themes in that genre.

“Take me down, take me down to the river
Hold me down, hold me down when I am gone
Lay me to rest in an open meadow
Gather ‘round and sing to me this song
I’m a sinner, I’m a fool, and I’m afraid
Before you take me Lord, please may I be saved
I have squandered my life, or so it seems
Let me sleep in The Valley Of Dreams”
